Sfumato: Dead Birds are Flying

Political dystopia. Zakharov Publishers. Moscow 2019. 189 pages

Welcome to Russia 2032. There is peace in the world. Russia, Europe, the United States and China signed a convention ten years ago that completely ruled out a nuclear war of aggression. Tired of the Kremlin's aggression, the world community reached an agreement with Russia: in exchange for its own security, the West no longer cares how the Russian government treats its citizens under its isolated power and only occasionally checks whether foreign policy agreements are respected. Human rights or repression within Russia are considered to be their internal affair. Russia is fenced and the borders are closed. America is no longer the enemy, the rhetoric has changed completely. The taiga is almost entirely cut down, the Chinese – Russia's 'fraternal allies' - have founded productive farms on the permafrost. The whole country is divided into 'clusters': the more critical you are of the regime, the further away from Moscow you are banished. Moscow is the zero cluster and has already been cleaned of all harmful elements.

This frightening dystopia is shrewdly realistic and timely, with the author drawing on his own knowledge and experience from today's prison and law enforcement system in Russia, instead of simply staging a darkly conceived scifi reality. The hyper-real political landscape of the novel is explicitly not post-apocalyptic, but rather develops consistently from today's political realities. The fact that the political dimension of this dystopia extends beyond Russia makes it an Orwellian warning call. A radically austere style that takes your breath away. A shocking unemotional look at a not too distant possible future, in which there is nothing that could not already be found in today's Russia.

"An evil and sad dystopia – and the saddest part is that it's probably true. The purity and power of its first part is in no way inferior to Orwell's despair." VIKTOR SHENDEROVICH

"Conscious of human nature, Alexei Fedyarov demonstrates his insight to the highest degree ... It is hard not to believe his warning of the future, a future that lies ahead of the young and inexperienced as much as the old and wise. The brazen won't escape, nor will the fearless; neither the destitute nor the wealthy; neither the stupid, nor the clever – the planners of our future have a solution ready for everyone." ANNA BERSENEVA

"A successful dystopia is always a warning. It needs a very careful look at the present with a complete understanding of all psychological, historical and social mechanisms and trends, and then you have to pick up on these trends and persuade them convincingly. This is exactly what Fedyarov did ... This novel has frightened many readers and critics. And rightly so. Because it was written by a man who knows this world very well, and not just by hearsay." CARINA COCKRELL

"Fedyarov describes with astonishing exactitude the inability of our current elite to maintain the country in its current size and configuration. From this perspective of irresponsibility, the possibility of external administration seems anything but fantastic." ARKADI DUBNOV

"I was shaken, left reeling just like after reading Kafka." VASILI GENERALOV

Aleksei Fedyarov was born in Chuvashia in 1976. After studying law, he worked as an investigator for the public prosecutor's office for ten years. In 2007, he started his own business. In 2013, he was suddenly arrested and convicted of 'particularly serious fraud' – a fate shared with many Russian entrepreneurs. He served a three-year sentence in a camp in the Urals. While still in custody, Fedyarov began filing appeals on behalf of other prisoners. Today he is not only a human rights activist, he is now head of the legal department of the Rus Sidyashchi Charity Fund, the only fund that helps Russian prisoners and their families. At the same time, he is the managing partner of a law firm. Fedyarov lives in Moscow.
